

# REPLACEMENT FILTER BAGS FOR WOOD DUST FILTERS

## Direct from the bag manufacturers:

Scottex Precision Textiles Ltd was founded in 1979 is one of the U.K's leading producer of filter bags for wood dust collection units such as,

- **DCS:**
- **Mardon:**
- **Startrite:**
- **Airmaster:**
- **Air Plants:**

And many more.

We are able to produce a vast number of filter types ranging from multipocket filter elements found in shaker systems to the pulse-jet & reverse air filter cartridges that are found in a majority of today's dust extraction systems.

We manufacture and supply to original equipment specifications as well as producing bags to exact specifications, designs and drawings.

For larger dust extraction systems we also offer a fitting service for the removal of old filters and replacement of new filters. No job to big or small and we cover the whole of the UK.

Contact us on 0161 763 6550 for further information and prices on new filter bags.

Don't pay OEM prices, buy better bags at cheaper prices from the people who make them.

Scottex Precision Textiles Ltd

# Scottex LEV Testing

**Local exhaust ventilation plant (LEV), examinations and tests must be performed at least once every 14 months.**

Our skilled and experienced personnel are experienced in all types of LEV installations, from small workshops and garages to large industrial, educational and commercial premises.

## **Each Test and Inspection includes:**

- Nature of the hazard
- Identification and location of LEV plant, process and hazardous substance controlled.
- Date of last thorough examination and test.
- Conditions at time of test.
- Current performance.
- Test methods employed.
- Date of the examination and test.
- Details if any of repairs to be carried out.
- Comprehensive report including recommendations as may be required to bring system back to its original intended performance.

**Prices including full report start from £ 100.00 + VAT. Full written report includes all tests, photos taken during test and recommendations and a COSHH certificate.**
